

Bypassing God's Protection System In My Body

Long ago when I used to take Ecstasy pills it got to a point where I was not able to put them in my mouth and swallow them because I would puke them up. I would get mad because I spent lots of money on Ecstasy and then once I puked up the pill I would lose the 25\$ that I spent on that one pill and this went on for a while.

Eventually I came up with a way to get the ecstasy down without puking it back up. What I did was go to the store and buy a 20 ounce dr. pepper and crush up as many pills as I was going to eat in a folded paper and then open the dr. pepper and pour the powder of 10 or 15 ecstasy pills into the dr. pepper but at first the soda would start fizzing up and I would have to shut the bottle before the explosion of soda happened.

So then I learned to just shake the dr. pepper until all the carbonation was gone and then poured and funnel in the crushed powder of the ecstasy. The carbonation was gone and the powder went right into the dr. pepper and then would shake up the 20-ounce bottle of dr. pepper and slowly drink and sip on that until it was gone and the effects of the ecstasy would hit within 5 to 10 minutes and would go away faster but never the less I would still get annihilated from this procedure.

Jeremiah 4:22 For my people is foolish, they have not known me; they are sottish children, and they have none understanding: they are wise to do evil, but to do good they have no knowledge.

So, by passing through God's protection system which was, (every time that I took an ecstasy pill I puked it up.) I started drinking the ecstasy that was in the dr. pepper and continued rolling on ecstasy that way. By crushing the pills and putting them in uncarbonated dr. pepper I was passing under God's radar. If you can remember the old screw in fuses that you could bypass with a penny, that's what I was doing with God's security or protection system in my body with the intellect that God gave me which was suppose to be used for his glory and not mine. God told me himself that he was the one that made me puke up the ecstasy pills because God Almighty never wanted me doing drugs in the first place.

God and his mercy have protected me from dying on drugs like 2 times. Once when I overdosed on yellow jackets, which were ephedrine pills and I took 7 within a hour not waiting for each pill to hit and then they all hit me at once and I got on my knees and prayed to God not to let me die but I was very close to death having severe diarrhea and vomiting up even the water I tried to keep down. Then, one time I took to

many ecstasy pills on a night when the pills were not hitting me and if I had taken one last pill I would have died. I felt horrible just by the few ecstasy pills I had taken.

Titus 3:5 Not by works of righteousness which we have done, but according to his mercy he saved us, by the washing of regeneration, and renewing of the Holy Ghost;

Here is a picture of what I was talking about with the penny bypassing the fuse. If you click on [sump pump](#) or [slots](#) you can see the whole link.

In this photo, someone has taken a screw-in plug adapter and installed wires in the slots to bypass the fuse in a disconnect that controls a light and a sump pump in the basement of a 1924 home.

Another scenario is heat dissipation for electrical devices such as contactors, magnetic motor starters, relays and devices like that. Here is a picture of a heat dissipation fan on an electrical device that cools it off from overheating.

So by pouring the crushed ecstasy pills in the dr. pepper you are bypassing the fuse with the screw in adapter and penny, which can eventually lead to the wires overheating and burning down the house due to the fuse not popping and not opening up the circuit and the flow of electricity not getting stopped. Another scenario is your heat dissipation fan stopped working and the electrical device gets overheated and still works but works in a whole new corrupted rearranged way.

Deuteronomy 32:5 They have corrupted themselves, their spot is not *the spot of his children: they are a perverse and crooked generation.*

That is what happened to my brain and now I have what's left over after the fire and it's a real fight to stay alive in the Lord. I also had a dream one time and I was inside my brain and what happened was I got to see the parts function in order to watch how my brain processed thought. There was this brain cell standing all by itself and was not working with the other brain cells in order to produce thought. This one brain cell was mean, arrogant and did not get along with the other brain cells and would not work with them either. That one brain cell said he was better and could do more than the other brain cells and liked to work alone and he did do a lot of work by himself but was not a team player.

James 1:8 A double minded man is unstable in all his ways.

James 4:8 Draw nigh to God, and he will draw nigh to you. Cleanse *your hands, ye sinners; and purify your hearts, ye double minded.*

So in this dream God is showing me that I have I have brain cells that don't want to correspond to the original system. Also the brain cells that are working hard and getting along nice with the other brain cells have changed their command centers due to all the drugs that have entered my brain and some brain cells have learned to do tasks that were never designed for that brain cell to do, so in essence everyone gets to pick whatever they want to work even if their not qualified for the job.

Everything is mixed up and rewired in the circuitry of my brain in order to keep things moving due to all the drugs, (mainly ecstasy pills). Ounce I quit all the ecstasy pills my brain cells grabbed a hold of whatever working station they wanted but they are suppose to be certain troops at certain work stations but everyone is everywhere all unorganized and that's what happens when you do drugs so I please warn you, **DO NOT DO DRUGS!** Your brain is perfect when you grow up without drugs and alcohol and when you engage in mind-altering drugs it changes the circuitry of the brain. Drugs and alcohol will tear your life apart and make you stupid!

Revelation 21:8 But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers (In Greek Pharmakeus is sorcerers, a spell giving potion or a druggist), and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.

The anger thing was next and I have got mad at God many different times because of things he made me do until God told me no more anger. God told me to stop getting angry because that births into other bad things. So now I just don't get mad anymore and if I do I just flush out the anger because it is always pointed at God and he

is just trying to save my rotten hide. Remember about re-geneing of the cells? I served Satan for about 33yrs of my life so I have many satanic cells that need to be re-gened in Jesus. I remember that I got so mad at God one time that I wanted to kill God or strangle him for telling me to do something that my flesh did not want to do. God loves me and knows how to push my buttons and make me mad but what's the use of getting mad, it doesn't fix anything and just makes things worse.

Colossians 3:8 But now ye also put off all these; anger, wrath, malice, blasphemy, filthy communication out of your mouth.

Ephesians 4:31 Let all bitterness, and wrath, and anger, and clamour, and evil speaking, be put away from you, with all malice:

I got so mad at God one time that I tried to repent and I was saying the repentance prayer and I was saying the words but I did not mean anything because I was mad and I told the Lord I was mad at him. What was I to do to get my sweet sincerity back and then I just started rejoicing and I got back my sincerity and was able to repent successfully again. Your sin is what gave you the problem to begin with, and now God has to take you back through it in order to get it out. We rejoice in the pain because God is healing us.

1Corinthians 5:8 Therefore let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened *bread* of sincerity and truth.

The flesh that is getting sacrificed could take you to hell so rejoice in the fact that God is killing flesh. Rejoice in the pain and suffering of the sacrificing of the flesh. Walking in the Spirit and doing whatever God Almighty tells you to do is not an easy and fun task. But as you do it without complaining and crying like a disobedient brat, which I have been before, you start to see the God of miracles at work and that changes you in to a flesh hating God fearing Jesus loving disciple of God. Jesus only does this because he loves you and is trying to keep you out of hell and wants you to be in Heaven with him.

Romans 8:18 For I reckon that the sufferings of this present time *are* not worthy *to be compared* with the glory which shall be revealed in us.

The best brain surgeon in the world does not know it all and cannot answer all the questions but our Heavenly Father knows exactly what he is doing. The Creator of the universe created everything you can see and is a perfect doctor, dentist, chiropractor, neurosurgeon and any other field you can think of, so the Lord Of All has a masters degree in every field you can think of because everything was made by him, so what better physician do you need other than God.

Ephesians 3:9 And to make all *men* see what is the fellowship of the mystery, which from the beginning of the world hath been hid in God, who created all things by Jesus Christ:

YOU CAN HAVE SALVATION, BUT ONLY ON ONE CONDITION;

That you are totally sold out to Christ, you don't have any personal rights, you no longer have any right to do anything. You will be a servant. You are in essence signing your own death warrant because Satan will hate you and try to kill you. You are gaining eternal life and citizenship in heaven. You give up your life here on earth to gain life in heaven.
