Not by might, nor by power, but by my spirit, saith the LORD of hosts.

Ten Days Living In The Cat Room

(10/20/13 – 10/30/13)

One day I woke up and went to take a shower and noticed on my back a bunch of little dots in a circle with redness. Later I found out that it was a spider bite. A spider had bitten me while I was sleeping in my bed. Then one day I was talking to Bruce on the phone and we started talking about bug spray.

I looked through the cleaning supplies trying to find bug spray. I did in fact find some bug spray. I ended up spraying my bedroom with the bug spray that is in this picture. I sprayed it in one big square all the way around the room following all the edges. After I finished I found out that I had made a big mistake.

My bedroom smelled like strong chemicals that would make you wanna puke. I started to get high off the fumes of the bug spray just by breathing in my bedroom. After I left my bedroom and went outside to get some fresh air I realized just how high I was. I knew I was in trouble because I did not ask God if I should have used the bug spray. God Almighty would have said, "No, do not use the bug spray."

Thinking I had a fix to the problem I grabbed the vacuum and started vacuuming the bedroom. Man! Just another mistake, the chemicals just got stronger by vacuuming. Once again, I did not ask God about the vacuuming. That night was just going from one bad thing to the next. My brain was not working well that night. Once again I should have asked God and He would have said, "No, do not vacuum."

All this mess could have been resolved before I even did anything. All I had to do was ask God and He would have said, "No don't use the bug spray." I saw the can and it said indoor & outdoor so I went ahead and sprayed. I had also tested it outside but for some reason that did not stop me from spraying my bedroom. Spraying my bedroom was extremely stupid. However, what was more stupid than that was not asking God Almighty if I should spray my room. The smell was so tremendously hazardous that I had to leave my back door open and leave the high vent on for 10 days.

The devil was laughing at me and God Almighty was disappointed with me for not asking Him if I should use the bug spray. The Lord said, "If you would have asked me I would have said, "No, do not spray. I would have saved you all these problems. If you don't start listening to me and seeking me we are finished. You got high off those fumes and lost brain cells you need in order to communicate with me. You need to give me control or we are done."

Isaiah 31:1 Woe to them that go down to Egypt for help; and stay on horses, and trust in chariots, because *they are* many; and in horsemen, because they are very strong; but they look not unto the Holy One of Israel, neither seek the LORD!

Isaiah 55:6 Seek ye the LORD while he may be found, call ye upon him while he is near:

Isaiah 58:2 Yet they seek me daily, and delight to know my ways, as a nation that did righteousness, and forsook not the ordinance of their God: they ask of me the ordinances of justice; they take delight in approaching to God.

Jeremiah 29:13 And ye shall seek me, and find *me*, when ye shall search for me with all your heart.

The bug spray says indoor and outdoor but what a lie it is to say indoor. It's amazing how the New World Order makes such things and says, "Sure, you can spray it in your house, it won't hurt a thing." Yea right, they say that so people can get hurt. This bug spray is extremely potent and is Not for indoors. So the question is, "Why would the manufacturer put on the bottle indoor & outdoor?" It is for outdoor use only, Not indoor. This is another way how the government is trying to kill us.

Take in mind; I have an idea what they say, “ If the person who buys this is stupid enough to spray it in their house they deserve whatever they get.” Yea, I was that stupid individual. I was even more stupid because I did not ask God If I should use it.

So please watch out and do not trust bug sprays that say you can use them indoors. Watch out for bug sprays that are in cans that say indoor and outdoor use. If the name of the bug spray is Spectracide I would not trust it at all for indoors. You have to have the professional exterminators to spray inside but not a can that you buy at the store.

I had to live on the other side of the duplex until my bedroom stopped smelling like chemicals. There is a little 4ft divider wall inside the cat room. One side is a couch and table and the other is the play zone for the cats. The cats get up early and play loud so every day you had to put up with the noise. The picture below is the cat’s play zone and the 2 male cats. Nordex is the black and Shepster is the grey tabby.

So all I did for the ten days in the cat room was read the King James Authorized Version. I could not use my computer and could not really go on the other side because of the chemical smell. Bruce lent me his Strongs Concordance to help me find out the Greek and Hebrew words in the King James Authorized Version. I also had my daily chores to do every day.

Finally at 6:45 am on October 30,2013 the Lord God Almighty told me that the airing out of my bedroom was complete. God told me to close my back door and to turn off the air, which was on high vent. I had my air on high vent blowing in my bedroom with my back door open since 10/20/2013. It was so nice to get things back the way they were before. I gave God full control after all the mistakes I had made.

During the ten days of airing out my bedroom, two of those days looked and smelled like rain. God told me it would not rain and it did not rain. I looked outside those times and it really seemed like it would rain. However, when God says no rain He means it.

Those were little miracles because I had to leave my back door open in order to air out the chemicals. So if the rain fell in the direction of my open back door my bedroom would get wet on the inside. God kept it from raining and protected my room. Anyway, continuing on about what happened October 30. I did as God said and turned off the air on high vent and went to close my back door.

I unlocked the rod iron door and went outside. Then I pulled my back door shut and then my rod iron door shut. As I was locking the rod iron door I felt raindrops on my arm. I finished locking the rod iron door and went to walk around my duplex from outside in order to get to the front door.

As I got to my porch it started raining like crazy and it was just the most perfect timing. I was protected from being drenched in rain because I made it to the porch before the rain started hitting hard. This was all an act of God. First, I locked my back door from the outside and right when the deadbolt locked then the rain started sprinkling. Second, I walked from my back door to the front porch in tiny sprinkles.

Third, As soon as I laid foot on the porch and was under the roof of the porch it started pouring rain. This was truly an act of God. God told me when to turn off my high vent and shut my back door. Then I walked from my back door to the front porch without getting drenched. This was perfect timing from the Creator of the universe.

2 Samuel 22:31 As for God, his way is perfect; the word of the LORD is tried: he is a buckler to all them that trust in him.

2 Samuel 22:33 God is my strength *and* power: and he maketh my way perfect.

1 Kings 8:61 Let your heart therefore be perfect with the LORD our God, to walk in his statutes, and to keep his commandments, as at this day.

The wind was blowing like crazy and my bedroom was not covered in dirt. It did not rain 2 days in a row when you could smell and see that it looked like rain. God is true and faithful and is in control if you let Him.

Romans 3:4 God forbid: yea, let God be true, but every man a liar; as it is written, That thou mightest be justified in thy sayings, and mightest overcome when thou art judged.

So I was a goat on the left hand side of God when I used the bug spray. I left God out of it and did as I saw fit and messed up everything. So we have to be careful what we do without God Almighty. It's better to seek God before you do something crazy. It's better to seek God in all things.

Matthew 25:33 And he shall set the sheep on his right hand, but the goats on the left.

Matthew 25:41 Then shall he say also unto them on the left hand, Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels:
